INSTRUCTIONAL TECHNOLOGY
CONTRACT CONSORTIUM

CONTRACTUAL RELATIONSHIPS

An agreement that covers the requirements defined by Ed Law 2-D must exist either directly between the school district and the product vendor, or, if the product is part of a service obtained through a BOCES CoSer, an agreement between that BOCES and the product vendor. Even though a compliant agreement may exist between a BOCES and a vendor, **if a district does not obtain that vendor's product as part of a service delivered through a BOCES CoSer governed by that agreement, the BOCES-negotiated terms do not apply to that district.**

CONTRACT CONSORTIUM THAT SUPPORTS ADMINISTRATIVE TECHNOLOGIES	Instructional Technology Contract Consortium	Districts need to procure these products through their local ITCC or sister ITCC that participates in the Contract Consortium and supports the product.

Note: All new vendors are working towards a contractual agreement.
